Zebra RFID Host Java SDK for Windows V1.8

RELEASE DATE: 16-April-2024

This is the release of the Zebra RFID Host Java SDK for the FX Series RFID readers. Java SDK for RFID provides a set of tools necessary to develop Java Applications for RFID reader devices from Zebra.

These tools include class library, sample application and associated documentation. Java SDK for RFID allows Java developers to programmatically access or control the RFID reader functionality. The Java application can be developed to run on the PC.

Sample Application (J_RFIDHostSample1)

The host-based sample application runs on the Desk top PC to connect Zebra RFID Reader based on the IP/Host Name. This app demonstrates the complete functionality using Java RFID API3 class library (Symbol.RFID.API3.jar)

- Access the Reader Connect dialog from Reader->Connection Menu
- To connect FX Series Reader, provide the respective IP address and port number (default: 5084).

This app helps to demonstrate the following functions of RFID Reader:

- Secure connection
- Gets the Reader capabilities
- Reader configuration
- Operation (Inventory & Access Operation Read, write, lock, kill, block erase and block write)
- Filters (Pre-Filter, Post Filter and Access Filter)
- Triggers (Start and Stop Condition)

Release summary

- Upgraded openssl version for readers with Firmware 3.26.88 and above.

Contents of the release package

Zebra-RFID-FXSeries-Host-Java-SDK_V1.8.msi

Host SDK Release Version Info

IMAGE TYPE	VERSION	FILE NAME	DATE
RFID3 C API DLL	5.5.7.12	RFIDAPI32PC.DLL	16-April-2024
RFID3 Java JNI DLL	1.4.0.48	RFIDAPI3_JNI_HOST.dll	08-Oct-2020
RFID3 Java API	1.4.0.48	Symbol.RFID.API3.jar	08-Oct-2020
Java API Help & programmers guide	NA		08-Oct-2020

Device Compatibility

This software release has been approved for use with the following Zebra devices.

Device	Operating System
FX9600 & FX7500	Windows

Installation Requirements

This software package has been approved for use with the following:

- PC: · Microsoft Windows 10 / 11 (64-bit) ·
- Oracle JDK 1.8 or above ·
- NetBeans IDE 15 (64-bit edition)
